

Cost Estimation

Project Name: Roommate Dashboard

Document ID: CostEstimate

Control Label: D0-v1-r1

Date: 2/4/2026

Prepared By: Group 6

Cost Assumptions

This cost estimate assumes student developer labor is valued at \$25 per hour.

Team Effort Assumption

This estimate assumes a total of 20 combined team hours across all 4 group members for Phase 1 requirements work and the early automated Requirements DB prototype.

Cost Estimate Calculation

Total estimated team hours: 20 hours

Hourly rate: \$25/hour

Total cost = $20 \times 25 =$ \$500

Notes

This estimate is based on Phase 1 requirements work and an early automated prototype. Future phases may require additional hours for full feature development.
