

Elicitation Requirements

Project Name: Roommate Dashboard

Document ID: ElicitationRequirements

Control Label: D0-v1-r1

Date: 2/4/2026

Prepared By: Group 6

Elicitation Summary

These requirements were gathered based on common roommate household situations. Roommates often struggle with missed payments, unclear responsibilities, and unfair chore distribution. The system must support transparency, fairness, and accountability.

Elicited Requirements

- ER-001 The system shall allow users to enter bills with an amount and due date.
- ER-002 The system shall allow bills to be split equally between roommates.
- ER-003 The system shall allow bills to be split using custom percentages.
- ER-004 The system shall allow roommates to mark their portion of a bill as paid.
- ER-005 The system shall show who owes money and how much they owe.
- ER-006 The system shall allow roommates to create chores.
- ER-007 The system shall allow chores to be assigned to specific roommates.
- ER-008 The system shall allow roommates to mark chores as completed.
- ER-009 The system shall allow roommates to create and edit a shared grocery list.
- ER-010 The system shall allow roommates to mark grocery items as purchased.
- ER-011 The system shall keep a history log of changes to avoid disputes.
- ER-012 The system shall allow recurring bills (monthly rent/utilities).
