

Metrics

Project Name: Roomate Dashboard

Document ID: Metrics

Control Label: D0-v1-r1

Date: 2/4/2026

Prepared By: Group 6

METRIC 1: Inception Requirements Count

SET inceptionCount = 0

FOR EACH requirement IN requirementsList

IF requirement.type == "inception"

inceptionCount = inceptionCount + 1

RETURN inceptionCount

TARGET: inceptionCount >= 8

METRIC 2: Elicitation Requirements Count

SET elicitationCount = 0

FOR EACH requirement IN requirementsList

IF requirement.type == "elicitation"

elicitationCount = elicitationCount + 1

RETURN elicitationCount

TARGET: elicitationCount >= 4

METRIC 3: Non-Functional Requirements Count

SET nonFuncCount = 0

FOR EACH requirement IN requirementsList

IF requirement.type == "non-functional"

nonFuncCount = nonFuncCount + 1

RETURN nonFuncCount

TARGET: nonFuncCount >= 4

METRIC 4: User Stories Count

SET userStoryCount = 0

FOR EACH item IN backlog

IF item.type == "user story"

userStoryCount = userStoryCount + 1

RETURN userStoryCount

TARGET: userStoryCount >= 3

METRIC 5: Requirements Traceability Percentage

SET tracedCount = 0

SET totalRequirements = COUNT(requirementsList)

```
FOR EACH requirement IN requirementsList
  IF requirement.linkedUserStory != NULL
    tracedCount = tracedCount + 1
SET traceabilityScore = (tracedCount / totalRequirements) * 100
RETURN traceabilityScore
TARGET: traceabilityScore >= 80%
```
